

COMMUNITY CLIMATE RIDE

Join us!

- ...for a day of riding with friends old and new
- ...in support of our 18 riders crossing the country to raise climate awareness
- ...to hear stories about the riders' experiences on their journey

Date & Time: May 31, Leaving at 7:30 a.m. [confirm time]

All are invited to join for snacks and coffee before the send-off. We will start gathering at ...

Location: We will leave from Seattle Mennonite Church, [address]

The Center for Sustainable Climate Solutions (CSCS), [Seattle Mennonite Church and Evergreen Mennonite Church] invite you to join the 2021 CSCS Climate Ride for a day (or however long you want to ride)! The group is traveling from Seattle to Tinkham Campground near Snoqualmie Pass. These riders are starting their journey across the country to hear stories of how communities are being impacted by climate change, and how they are responding. The riders are eager to talk with you, to hear your stories, and to share their anticipation of transformation from this journey.

Support this effort, have fun riding, and join the movement. We'll see you together on the road!

CSCS is committed to advancing climate conversations, solutions and justice. We envision especially an Anabaptist community that makes climate issues as the moral equivalent of peacebuilding. All of CSCS's activities — multiple student programs, congregational engagement, innovative research, and raising global voices — are geared towards these goals.
